VEGETABLE, FIELD & FLOWER SEEDS.

J. S. ZIMMERMAN.
ARTHUR WILSON.

Topeka, Kan., Jan. 1, 1903.

To Our Friends and Patrons:

In presenting you our 1903 Catalog, we beg leave to say a few words.

First, we aim to obtain the BEST SEEDS POSSIBLE. To do this, we have spared neither time nor expense. Our seeds are grown especially for us by experienced growers in latitudes best suited for the development of Choicest and Hardiest seeds and are carefully tested. We guarantee the BEST seeds it is possible to procure.

Second, we desire to furnish these CHOICE SEEDS to customers at the LOWEST POSSIBLE PRICE. To do this, we issue a plain, neat catalog, instead of the elaborate, expensive, sensational ones, so prevalent to-day (which the customer must pay for in some way). We have our own printing plant, where most of our work is done. When buying from us, YOU get the benefit of these savings in expense, as it enables us to supply you strictly first-class seed at a low price. No seedsman can offer this grade of seeds for less money, while it is equally true that BETTER seeds cannot be obtained at any price.

On the basis of far more value for your money than you can get elsewhere, we earnestly speak for your trade.

With best wishes for a happy and prosperous year, we are

Yours very truly,

ZIMMERMAN SEED CO.

P.S.--Our packets are well filled, containing fully one-third more than those of some seedsmen.

Cabbage.

SELECT CROP OF 1902. As the crop depends largely upon the quality of seed, I have selected my stock of seed with greatest care. Long Island is the home of the best cabbage and I secure the best Long Island seed. As previously stated, I catalogue only those varieties that time and trial have proven the best. I offer in this list of Cabbages those varieties I know will give the best satisfaction, cutting out all doubtful varieties. You will find the following true to name and of the best quality. Prices are by mail postpaid.

ZIMMERMAN'S EARLIEST.

Earliest Cabbage in the World.

ZIMMERMAN'S EARLIEST.

Well knowing the demand for a reliable extra early variety, I spared neither time nor expense to secure the earliest variety possible and feel safe in saying I have here the EARLIEST VARIETY EVER OFFERED. Many seedsmen are claiming to have the earliest, but a trial will show MY Earliest to be many days ahead of anything on the market. It is not only the EARLIEST, but reliable in every way and can be depended upon to yield good size marketable heads of fine quality. Almost every plant forms a fine, solid head in a remarkably short space of time. It makes a close, compact plant, can be set close together and yield large crops. Don't fail to include a packet of THE EARLIEST in your order. You will be well pleased. Market gardeners will find this grand variety very profitable for extra early market. Pkt 5c, oz 25c, ¼ lb 65c, ½ lb $1.15 postpaid.

EARLY WINNIGSTADT—A good extr0 early variety and very popular. Forms large cone-shaped heads of fine quality in seasons when other early varieties fail to head at all. It suffers less from worms than most any variety. Pkt 5c, oz 15c, ¼ lb 45c, ½ lb 80c, lb $1.50 postpain.

EARLY JERSEY WAKEFIELD—My stock of this old reliable variety is the best, being true Long Island crop of 1902. This is one of the best early cabbages in cultivation and is very popular and too well known to need any description; is always sure to form good marketable heads in 100 days or less. Remember I handle no old stock and guarantee seed as true stock, crop of 1902. Do not buy old and inferior seed. Pkt. 5c, oz 20c, ¼ lb 60c, ½ lb $1.00, lb $1.90, postpaid.

ALL HEAD EARLY.

All Head Early Cabbage

As can be seen from the engraving, this is a large, early, round-headed cabbage. For size, earliness, reliability of heading and quality it has no equal. It is the finest large summer cabbage on the market, being at least one-third larger than any other early summer cabbage. The heads are solid and so compact that nearly one thousand more can be grown per acre than any other cabbage. On account of its rapid growth, it is very tender and the flavor is unsurpassed. Pkt. 5c, oz 20c, ¼ lb 55c, ½ lb $1.00, lb $1.90 postpaid.

EXTRA EARLY EXPRESS—With the exception of my EARLIEST, this is probably the earliest cabbage on the market. Is of close compact habit; has few loose leaves and is of fine quality. Pkt 5c, oz 18c, ¼ lb 50c, ½ lb 90c, lb $1.75 postpaid.

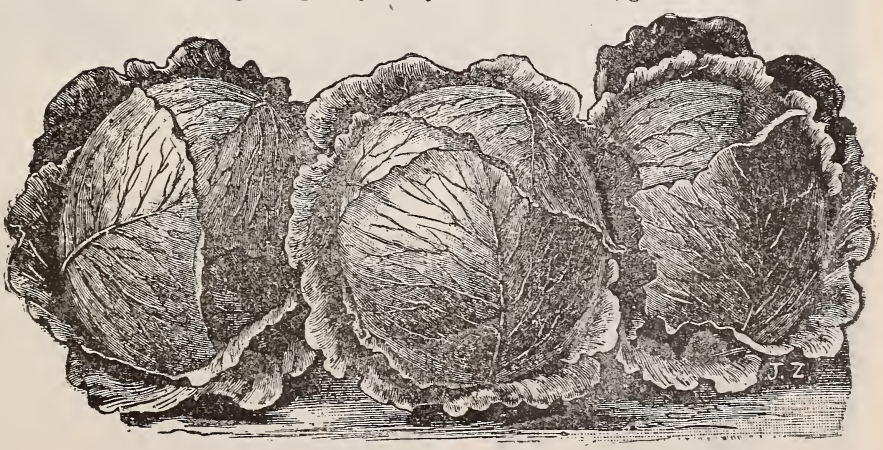
ALL SEASONS—As indicated by its name, it can be planted profitably for either early or main crop; is of Drumhead type; in every way equal to the Early Summer and one-third larger. Pkt 5c, oz 18c, ¼ lb 50c, ½ lb 95c, postpaid.

MAMMOTH RED ROCK—This is the largest and surest heading red cabbage known. Heads are of deep red color inside and out and very solid. A favorite variety for salads, pickling, etc. Pkt 5c. oz 20c, ¼ lb 65c, postpaid.

☞Zimmerman's seeds are guaranteed new crop of 1902 and of highest quality. If you want the best, give them a trial.

SUREHEAD

All head and always sure to head. A large main crop variety of the Flat Dutch type. Is sure to form large round heads extra hard, firm and of superior quality and fine texture. This is a most excellent variety for Southern and South-western growers, on account of its sure-heading qualities, as many varieties fail to head in this section. You will not be disappointed in this Sureheading cabbage. It is also one of the largest cabbages grown, generally averaging about 25 pounds, though specimens have been grown to weigh over 50 pounds; is a good keeper, excellent shipper; in fact it is hard to surpass this grand cabbage for home use, market gardeners or others. Pkt 5c, oz 18c, ¼ lb 50c, ½ lb 90c, lb $1.70 postpaid.



ZIMMERMAN'S SUREHEAD CABBAGE.

SHORT STEM DRUMHEAD—This is one of the very best varieties of winter cabbage. Heads are of immense size, hard and solid. SHORT STEM DRUMHEAD CABBAGE.

IMPROVED DANISH BALL-HEAD—The famous variety from Denmark. Not so large as the Late Flat Dutch or Short Stem Drum-Head, but are even harder and more solid and are the finest and best keepers to be had. For winter, home and market use, they stand without a peer. Their keeping qualities are such that when taken out in the spring they are as solid as when put away in the fall. Pkt., 10c; 2 pkts., 15c; oz., 30c; ¼ lb., 85c; ½ lb., $1.60; lb., $3.00, postpaid.
